Subject: Wyckoff/Eagle Harbor Superfund Comments on Proposed Additional Cleanup Actions (DAHP log 050295-21-EPA)
Attachments: removed.txt

On behalf of the Washington State Historic Preservation Officer (SHPO) and the State Department of Archaeology and Historic Preservation (DAHP) I am providing comments on the proposed additional cleanup efforts at the Wyckoff Site.

As part of the initial phase of the cleanup, we are aware that the historic Wyckoff office and plant buildings were demolished. We do not know if the employee housing constructed as part of the company town of Creosote was demolished or are still extant. If any remain, we recommend that surviving structures be documented using DAHP's WISAARD electronic database.

Thank you and please feel free to contact me should you have any questions.
